

RESEARCHING AN ELEMENT

A Co-Curricular Project
of Science (Mr. Reinking) and English
(Mrs. Sayavong)

A service to prepare you for high school and beyond!!!

Your assigned Element _____

Name and Symbol

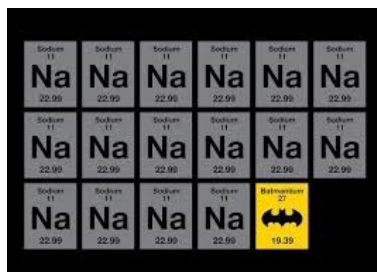

You will research your assigned element. You will write a research report that includes analysis for Mrs. Sayavong. From that research report, you will transform your scientific information into a creative WANTED poster (using computer technology and Poster My Wall) that combines creative writing, art, graphic design, and, of course, scientific data and your analysis. Using the WANTED poster, you will give an oral presentation on your assigned element.

Research will begin in science class and continue in English class. Mrs. Sweeney, your librarian, will also play an important role in this project as she will present information on credible sources, databases, and NoodleTools for the Works Cited page. In and out of class, you will go through ALL the writing process steps and incorporate all 6+ traits of writing. This project will require you to use your class time effectively, manage your time (in and out of class), be organized, and exhibit responsibility. **PROCRASTINATION IS NOT GOING TO WORK FOR YOU!!!**

It is a rigorous project that requires perseverance and dedication—one that will provide you with knowledge on so many levels but also with profound intrinsic rewards! The end result is truly in your hands!

Completion of the Plagiarism WEbQuest was the first step on this journey! Where are you with that? You CANNOT move forward until each prior step has been completed. Mrs. Sayavong will provide you with a checklist! Any time you are absent from class, you will know what step(s) you have missed and need to complete to say on course. **USE OF YOUR PLANNER IS DEMANDED!!!!** Also, keep your parents informed! Let them help guide and encourage you. Ask them for opinions and motivation! Mr. Reinking and Mrs. Sayavong will provide you with the necessary resources, but the success of your project belongs to you!

LAST BUT NOT LEAST,

HAVE FUN!!!
